

VET TECH JOB OUTLOOK

US DEPARTMENT OF LABOR STATS

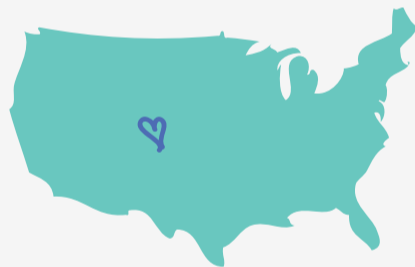

20% JOB GROWTH RATE

According to the US Department of Labor, from 2021–2031 employment of veterinary technologists is projected to grow 20%. This is much faster than the average for all occupations.

ONE OF THE FASTEST GROWING

Veterinary Tech is one of the fastest growing career that requires an associate degree or similar level of training. Vet Techs are becoming more advanced and replacing lower-skilled assistants.

100K JOBS HELD IN THE US

There are 122,800 jobs being held by veterinarian technicians. They perform medical test to help the diagnosis of an animal under a supervised veterinarian. There are only 4 things a Vet Tech can't do that a veterinarian can.

FAVORABLE SALARY

According to the US Department of Labor the salary of a vet tech is about \$36,850 per year which is favorable compared to other fields with similar education levels. Vet techs can work in private clinics, laboratories and hospitals.
