June 2024 Bel-Rea CE

Introduction to Common Canine and Feline Cancers with Kristine Ibis, AAS, BS, RVT

This high-level overview will discuss the most diagnosed types of neoplasia in canine and feline populations. Signs and symptoms of several types of cancer, along with how to go about getting a diagnosis, will be discussed, as well as treatment options and prognoses. We will go over what cancer treatment looks like from a technician and client standpoint, and how to best support the client's emotional needs while offering compassionate care for their pet.

Tuesday June 11th 6 pm -9 pm MST

**This CE is \$30
If you are a current Bel-Rea student,
email [Scott Newman](mailto:Scott.Newman@belrea.edu) for a discounted rate of \$20.**
