

CONTINUING EDUCATION WEBINAR

GETTING CATS TO EAT: IT IS MORE THAN POURING FOOD INTO A BOWL

**KARA BURNS, MS, MED, LVT, VTS (NUTRITION),
VTS-H (INTERNAL MEDICINE, DENTISTRY)**

- **Date:** Tuesday, July 14th
- **Time:** 6:00 – 8:00 PM MST
- **CE Credits:** 2 RACE-Approved CE Credits
- **Registration Fee:** \$30

Domestic cats and other members of the superfamily *Feioidea* are strict or obligate carnivores. Proper nutrition is essential for maximizing health, performance, longevity, quality of life, and effective disease management in cats. This webinar will explore the unique nutritional needs of cats, while reviewing the physiology and behavior of feeding cats, along with practical tips to ensure they receive the nutrients they need.
